

## 100G Optical Module from Greek Overseas Warehouse

Rear of the optical fiber distribution box

## 100G Optical Module from Greek Overseas Warehouse

Optical module products such as QSFP SR4, QSFP LR4L, QSFP LR4, QSFP CWDM4, QSFP ER4L are available.

It shows what goes into today's 100G QSFP28 pluggable optical modules. Notice that they are inherently four-channel devices, both in the optical interface facing right, and the electrical interface facing left.

You can use our optical transceivers as affordable alternative for SFP modules of leading vendors, without quality loss. Our products are covered by full warranty.

Shop high-speed optical transceivers from Unitekfiber. We offer 100% compatible 40G, 100G, and 400G QSFP-DD modules for data centers. Expert technical ...

We offer optical modules supporting speeds from 1G to 400G, ideal for expanding network infrastructure in data centres and telecom operators. Find out how easy it is to connect equipment from different ...

Featuring MPO-12 APC connectors, it supports 4×100G channels with a 9.5W max power consumption, ensuring energy-efficient operation in data center interconnects and metro networks.

Shop high-speed optical transceivers from Unitekfiber. We offer 100% compatible 40G, 100G, and 400G QSFP-DD modules for data centers. Expert technical support & wholesale pricing.

ETU-Link Technology Co., Ltd. offers an advanced OEM 100G Optical Module, specifically engineered for high-speed data centers and enterprise networks. Crafted with our commitment to quality, each ...

100G | Fibers | OPTICAL MODULES. Check what we can do for you!

The 100G transceiver modules have been developed to fulfill the strict performance standards which modern networking infrastructure requires. The devices use QSFP28 and CFP form factors which ...
