

## 160A Industrial Distribution Box

## 160A Industrial Distribution Box

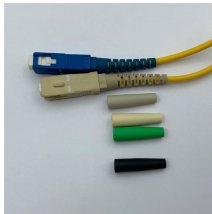

- This electrical distribution box is used at events where portable trailers need to be powered, such as golf tournaments, autoraces, or fairs - Heavy-duty molded rubber enclosure is fully insulated, ...

The VIOX UKK-160A is a blue, 1-in-6-out power distribution block for medium-to-large industrial applications. Rated 160-200A/690V, featuring dual 1-70mm<sup>2</sup> inputs for high current capacity.

Due to our product quality, easy din-rail mountable design, reasonable pricing and our sound inventory support are factors for it's popularity demand in many industries.

Press Home for minimum width and End for maximum width. Line side and load side number of connections are per pole.

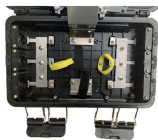

The distribution junction box plays a crucial role in various applications, including solar and wind energy sites, industrial factories, and temporary construction sites, ensuring the reliability of power ...

Distribution Terminal Block - 1-pole, 8-way, 160 A is a 160A single-pole modular distribution terminal block designed for high-capacity power distribution in control panels. Its robust construction and DIN ...

Featuring a dual busbar design rated for up to 160 amps at 600 volts, this compact distribution block allows a single power feed to be safely and efficiently split across multiple output circuits.

This universal junction box meets rigorous industrial standards, making it ideal for factories, power plants, and commercial electrical installations requiring reliable power distribution ...

DBL160 TE Connectivity / Entrelec Power Distribution Blocks SP 160A DIN datasheet, inventory, & pricing.

Buy 5ST2503 SIEMENS Distribution block 4-pole, 160 A, 500V Input: 1x 10-35 mm<sup>2</sup> Output: 3x 6-25+8x 2.5-16 mm<sup>2</sup> for installation on standard mounting rail the b..
