

1G High-Speed DAC Cable from India Overseas Warehouse

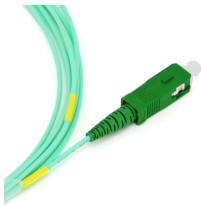

1G High-Speed DAC Cable from India Overseas Warehouse

Designed by the GIGALIGHT R& D team and manufactured by CablesTEC's Yancheng factory, each cable has undergone rigorous performance testing. COM parameters and S parameters are much ...

Input/output (I/O) passive cable assemblies that come with different lengths and high speed can deliver high data rates up to 400 Gbps. We offer customized choices of DAC cables for more flexibility in ...

This is an MSA compliant 1000Base-CU SFP to SFP direct attach cable that operates over passive copper with a maximum reach of 1.0m (3.3ft). It has been programmed, uniquely serialized, and data ...

With these features, this easy to install, high speed, cost-effective direct attach copper twinax cable is suitable for short-distance connectivity within a rack or between adjacent racks in data centers.

Automatic Assembly Line (DAC Cable) 10Gtek's automatic assembly line, assures the consistency of manufacture under the process of laser cutting, aluminum shielding stripping, isolator stripping, ...

Philisun offers high-performance DAC Cables from 1G to 800G, including Direct Attach Copper solutions with SFP+, QSFP28, and QSFP-DD connectors. Designed for low-latency, short-reach links in data ...

This 1Gb Ethernet (GbE) SFP Twinax Direct Attach Cable is ideal for point-to-point in rack or between racks networking connection. It is hot-swappable with fiber optic modules and supports up to 1Gb/s ...

LightSpeed™ DACs are a low-cost way to utilize the SFP ports on our fiber optic products and standard 1G network equipment. DACs (Direct Attach Cables) are a great solution for in-rack or other short ...

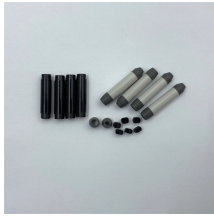

With the features of the low cost, low power consumption and low latency, it is an alternative to optical transceivers for short reach links in high-speed interconnect applications such as Data Center, HPC ...

With these features, this easy to install, high speed, cost-effective direct attach ...

LightSpeed™ DACs are a low-cost way to utilize the SFP ports on ...

Ultra thin, high quality passive DAC network cables with data rates of up to 100Gbps. We offer variable cable length and customization if needed. Advanced customized DAC Cables can go up to 400Gbps. ...
