

## 24 Optical Module Switch

## 24 Optical Module Switch

POLATIS ® Series 6000 Optical Switch Modules (OSM) are high-performance, fully non-blocking all-optical matrix switch modules with port counts from 16xCC up to 48xCC, offering "any-to-any" port ...

The TLX24 offers a compact, high performance, non-blocking matrix switch for complete, end-to-end routing of video and peripheral signals. The 1RU matrix is available in fiber, CATx and hybrid ...

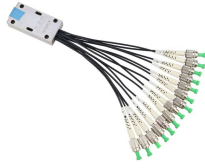

DiCon's MEMS Matrix Switches are extremely stable and can operate under open-loop conditions. They have the best-in-the-class durability, repeatability, and optical performance.

To pick up a draggable item, press the space bar. While dragging, use the arrow keys to move the item. Press space again to drop the item in its new position, or press escape to cancel. Search DigiKey's ...

MEMS 1X24 Optical Switches (single mode, multimode, 850/1310/1550nm) is Base on MEMS technology, one input and 24 output fibers optical path control device.

The OptiSwitch-F2026 workgroup switch brings performance enhancing solutions to organizations wiring closets, providing a simple, cost-effective method for segmenting networks and complements the ...

Optical switch solutions, built on industry-leading fourth-generation VIAVI technology, come in multiple formats, including matrix switches, 1XN and 2XN for up to 176 ports. VIAVI also offers a range of ...

XH-FSW-24X24 matrix optical switch is a product that uses optical switches to realize optical path conversion.

Thorlabs" offers a selection of optical switches. We offer optical switches with integrated MEMS technology, optical switch kits, and PRO8 modules for fiber-optic circuit integration or construction.

GLSUN offers optical switch modules including multichannel optical switch, rotary optical switch, cascade optical switch, mems mxn optical switch, multicast switch and mems matrix optical switch ...

## Contact Us

For more information, pricing, or custom energy solutions, please contact us:
