

# 3000-meter armored optical cable 12 cores Gyta

### Overview

GYTA has a very good watertight performance. This cable can be used for LAN and WAN backbones, telecom access lines, fibre to business and fibre to the building drop connections, as well as fibre to the.

## 3000-meter armored optical cable 12 cores Gyta

GYTA53 fiber cable consists of 250um fibers held in gel-filled PBT loose tubes, and wrapped around a phosphatized steel wire central strength member. A waterproof compound fills the ...

There are numerous features of the 12 Cores GYTA53 Fiber Optic Cable and you can easily identify it in the market. However, the most identified characteristics include: low dispersion and attenuation.

GYTA is a type of fiber optic cable in stranded loose tube fiber optic cable with compact structure, and the cable jacket is made of strong Polyethylene. High strength loose tube has hydrolysis resistant.

Fiberhome's GYTA-12B1.3 armored fiber optic cable combines advanced fiber technology with rugged mechanical protection to deliver reliable, high-speed communication links. The stranded core design ...

Dongguan HX Fiber Technology Co.,Ltd Located in Dongguan, China.

Rodent-proof GYTA33 armored fiber optic cable with steel wire protection, PE sheath, and 25-year warranty. Ideal for harsh environments and underground installations.

Durable 12-core GYTA53 fiber optic cable with double armor for direct burial. UV-resistant, rodent-proof, and 25-year warranty. Ideal for highways & harsh environments.

Whether it is wooden reel that pursue natural texture and environmental protection concepts, or iron reel that emphasize sturdiness and durability, we present them all to ensure the best protection of optical ...

Explore the details, specifications and video of our GYTA33 Optic Cable 12 Cores, and order high-quality GYTA33 Optic Cable 12 Cores from our factory directly at competitive pricing.

The GYTA 12-core fiber optic cable is engineered for high-performance telecommunications and data transmission networks. Ensuring quality and safety in fiber optic infrastructure is essential for reliable ...

Durable 12-core GYTA fiber optic cable with steel wire reinforcement, PE jacket, and aluminum armor. Ideal for long-haul communication and LANs with moisture resistance.
