

3GSDI Fiber Optic Communication

3GSDI Fiber Optic Communication

Built with industrial-grade durability, it offers EMI protection and wide-temperature operation, supporting single-mode, single-fiber up to 20km, for long-distance lossless transmission.

The NBX-TRX-3G-ST from MultiDyne provides a miniature solution to transmit and receive 3G/HD/SD-SDI signals over single-mode fiber optic cable using ST fiber optic connectors at distances up to 10km.

Each extender consists of a transmitter that connects to a SD/HD/3G-SDI video source and a local loop out, and a receiver that connects to up to two SD/HD/3G-SDI displays.

This extender transmits an 3G-SDI signal over an LC singlemode fiber optic cable with automatic cable equalization and reclocking at 270Mbps, 1.485Gbps, and 2.97Gbps, extending transmissions up to ...

Supports SDI, DVB-ASI, HD-SDI, 3G-SDI, and many other video formats. Power connector has a latch-locking mechanism, to ensure you will experience no power disruptions. Panel connectors are ...

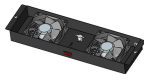

The F-SDI-3G-B-TX/RX by Thor Fiber is a bidirectional optical SDI converter that transmits uncompressed 3G-SDI, HD-SDI, SD-SDI, and DVB-ASI video signals over single-mode fiber up to ...

Supports SDI, DVB-ASI, HD-SDI, 3G-SDI, and many other video formats. Power connector has a latch-locking mechanism, to ensure you will experience no ...

Fiber optical transmission excludes electromagnetic noise factor, it makes this product a perfect solution for efficient, reliable and secured 3G/HD-SDI signal transport.

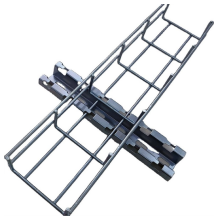

nal 3G-SDI video over single mode 20km The F-SDI-3G-B-TX/RX by Thor Fiber is a bidirectional optical SDI converter that transmits uncompressed 3G-SDI, HD-SDI, SD-SDI, and DVB-ASI video sign.

Description 3C-LINK Mini HD-SDI/3G-SDI video digital optical converter adopts international advanced all-digital gigabit optical fiber transmission technology, the HD-SDI/3G-SDI video signal can be ...

Amphenol introduces its first rugged multi-channel 3G/HD/SD-SDI fiber optic media converters. These new converters can be used in harsh environment avionics, ground systems, or naval applications ...

This extender transmits an 3G-SDI signal over an LC singlemode fiber optic cable with automatic cable equalization and reclocking at 270Mbps, 1.485Gbps, and 2.97Gbps, extending transmissions up to ...
