

40G Optical Router Original Product

Overview

It is a high-performance module for short-range duplex data communication and interconnect applications. It integrates four electrical data lanes in each direction into transmission over a single LC duplex fiber optic cable. The Cisco® 40GBASE QSFP (Quad Small Form-Factor Pluggable) portfolio offers customers a wide variety of high-density and low-power 40 Gigabit Ethernet connectivity options for data center, high-performance computing networks, enterprise core and distribution layers, and service provider. FS 40G QSFP+ optical transceiver module solutions offer a full range of QSFP+ modules from 150m to 80km reach, and used for high-density switching, routing and data center applications. Trusted by 260K+. Support 40G ethernet, data center, enterprise, and Infiniband applications with Precision OT's range of 40G QSFP+ optical transceivers for link distances of a few meters up to 80km. The 40G QSFP+ transceivers feature varying specifications to meet your unique network needs. Features 4 CWDM lanes MUX/DEMUX design Up to 11.

40G Optical Router Original Product

Find 40G optical transceivers that meet your system and network needs, including QSFP+ and a variety of cables enabling 40Gb/s Ethernet speeds.

The Cisco QSFP-40G-SR4 is a high-performance QSFP transceiver module designed for enterprise-level applications. This module supports 40 Gigabit Ethernet connectivity over multimode fiber, ...

T1-QSFP-40G-SR-BD is a four-channel, pluggable, LC Duplex, fiber-optic QSFP+ transceiver for 40 Gigabit Ethernet applications. It is a high-performance module for short-range duplex data ...

Our latest innovation, the QSFP BiDi 40 GE transceiver, helps you migrate from 10 to 40 Gigabit Ethernet on the same fiber infrastructure, saving you money. The Cisco 4 x SFP10G to QSFP+ ...

The Cisco QSFP-40G-SR4 is a high-performance QSFP transceiver module designed for enterprise-level applications. This module supports 40 Gigabit ...

Hi-network offers original new or compatible Cisco 40G QSFP Transceivers, with global shipping available within 5-7 days from Hong Kong, China. You can also freely download the PDF data sheets ...

FS 40G QSFP+ optical transceiver module solutions offer a full range of QSFP+ modules from 150m to 80km reach, and used for high-density switching, routing and data center applications.

QSFP-40G-SR optical transceiver modules are designed for 40 Gigabit Ethernet (40GbE) applications and connections. Transmission is via multimode fiber optic cables.

This 40G optical transceiver comes with a bidirectional 4-channel QSFP+ connector, enabling a total 40Gbps bandwidth by each channel carrying a 10 Gbps data rate.

FiberWDM provides a full range of 40G QSFP+ optical transceivers in the range of 100m to 40km. All QSFP+ transceivers have been fully tested. Quality assurance! buy with confidence!

This 40G optical transceiver comes with a bidirectional 4-channel QSFP+ ...

It enables high-bandwidth 40G optical links over 12-fiber parallel fiber terminated with MPO/MTP multifiber female connectors. It can also be used in a 4x10G mode for interoperability with ...
