

5G Industrial-Grade Switch

5G Industrial-Grade Switch

Find the perfect connection for every industrial application - across automotive, chemical, manufacturing and more. Designed for use at all network levels, they offer ultra-efficient and future-proof ...

Moxa provides a wide range of industrial Ethernet switches that feature industrial-grade reliability, network redundancy, strengthened security, easy management, and competitive price-to ...

With technological innovation as the core, it focuses on the research and development of high-tech products such as wireless communication technology, 5G and AI. Four-Faith key products including ...

Industrial 5-Port GbE Unmanaged PoE Switch with 4 GbE Ports and 2 SFP Slots | Designed for mission-critical communications, Internet of Things (IoT), and Industrial IoT solutions.

High Power and Full-Speed Data Delivered Over 4-Pair UTP Cabling 3BT PoE++ and Advanced Poe Power Output Mode Management Intelligent Alive Check For Powered Devices Poe Scheduling to Save Energy Scheduled Power Recycling Layer 3 Network Routing Support Robust Layer 2 Features Modbus TCP Provides Flexible Network Connectivity For Factory Automation Redundant Ring, Fast Recovery For Critical Network Applications 1588 Precision Time Protocol For Industrial Computing Networks The IGS-6325-4UP2X supports the Modbus TCP protocol, allowing for easy integration with SCADA systems, HMI systems, and other data acquisition systems in factory floors. This enables administrators to remotely monitor the industrial Ethernet switch's operating information, port information, communication status, and DI/DO status, thereby enhancing ... See more on planetechusa AMG Systems

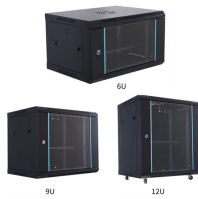

Through the switch's web GUI, users can easily search for and display all ONVIF-compliant devices on their LAN. Users can also upload floor plans to the switch and place IP surveillance cameras on the ...

The AMG570 Series of Industrial Managed switches support 100Mb, 1Gb or 10Gb Ethernet, with port counts from 4-52, and with optional 30W, 60 or 90W PoE

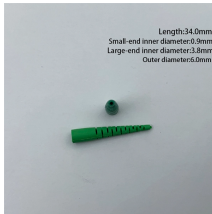

This industrial multi-gigabit PoE++ switch features an IP50 rated metal enclosure, delivering network connectivity in rugged environments, while saving you on installation and setup costs with PoE++ ...

With over 25 years of expertise, Maisvch offers a comprehensive range of industrial communication products designed to support IIoT and Industry 4.0 environments. Our solutions include industrial ...

FS Industrial Ethernet Switches with robust design for harsh industrial and outdoor environments subject to vibrations, shocks and extreme temperature fluctuations from -40°C to 75°C generally.

Advantech provides complete industrial communication products from industrial switches, fiber and PoE media converters, to industrial gateways, 5G, LTE and LAN cellular routers.
