

# **Aggregation Switch with 16 Ports All-Optical Ports**

## Aggregation Switch with 16 Ports All-Optical Ports

L3 managed Ethernet switch with 8\*10/100/1000M RJ45 ports and 4\*100/1000M SFP fiber ports and 4\*1/10G uplink SFP+ fiber ports. It built-in 30W power supply and 1U/19" cabinet installation.

The US-16-XG from Ubiquiti is a fully managed aggregation switch that enhances your network's capacity with its 16-port, 10G fiber capabilities. Designed for optimal performance, it provides high ...

Link aggregation is used to aggregate multiple physical ports to form a logical port for load balancing, bandwidth expansion, and port protection. Support static link aggregation.

As a 10G switch with full SFP+ ports that seamlessly integrates into the Omada Software Defined Networking (SDN) platform, SX3016F allows for remote and centralized management, anywhere, ...

Although we can't match every price reported, we'll use your feedback to ensure that our prices remain competitive.

Build and expand your network with Ubiquiti Networks UniFi Switch 16 XG, part of the UniFi Enterprise System. The US-16-XG is a fully managed, 16-port, 10G fiber switch that enhances network capacity ...

The US-16-XG offers maximum UniFi Security Gateway Pro performance and low latency as an aggregation switch. For fiber connectivity, it features 12 SFP+ ports. For copper connectivity, the ...

Build and expand your network with Ubiquiti Networks UniFi Switch 16 XG, part of ...

Although we can't match every price reported, we'll use your feedback to ensure that our prices remain competitive.

The US-16-XG is a fully managed, 16-port, 10G fiber switch that enhances network capacity by providing high-bandwidth aggregation connectivity to multiple switches in your network.

Available in 2 different port densities, 16 or 32 x 1G SFP, both of which include 10Gb SFP+ ports and 2 dedicated hardware stacking ports capable of providing up to 160Gbps stacking bandwidth to support ...
