

Angola Outdoor Cabinet Armor

Angola Outdoor Cabinet Armor

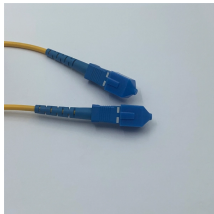

Featuring an adhesive strip at its top, Cabinet Armor is quickly applied to the top of cabinets to provide a protective barrier over the entire face of the cabinet.

It is made of ultrasonically fused layer of 6 sheets of polypropylene. While it is not impervious to water, the material acts to push the water away. There is a strong sticky tape affixed to the edge of the ...

Cabinet Armor, a 32" x 60" roll designed for cabinet shops and millwork companies to protect wood surfaces during assembly and storage, measures 18.29 m in length and 81.3 cm in width, ensuring ...
