

Are there fiber optic cable factories in Norway and where are they located

Overview

Nexans Norway AS 'head office is located in Oslo and the Norwegian factories are located in Rognan, Halden and Langhus. Nexans has the best of both worlds - we are local and close to our customers, but are also part of a global network with all the benefits it entails. Hos oss finner du alt du trenger til ditt fibernett! Fiberworks is a specialized manufacturer in the fiber optic market, offering a variety of products and services. Since 1984, Foss has been a market leader in fiber optic infrastructure, with systems that cover everything from transport networks and residential buildings to data centers, industrial buildings, defense, and offshore. They offer a comprehensive range of standardised stocked products covering most common requirements. Founded in Norway in 1984, the FOSS Group have over 30 years. Space Norway has awarded Nexans Norway AS the contract to manufacture an advanced subsea fibre-optic cable that will strengthen the digital infrastructure in Nordland.
