

## Belgian OEM optical module 25G

## Belgian OEM optical module 25G

Featuring low power consumption, high speed, this 25G transceiver is ideal for 25G Ethernet, and data centre. Each SFP28 transceiver module is individually tested in targeted switch, it is fully compliant ...

With data throughput in excess of 28.0 Gbps per lane, our 1X (1 x lane) SFP28 Optical Module (SR/LR) is perfect for use with 25-Gigabit (25G) Ethernet and our 4X (4 x lane) QSFP28 Optical Module ...

Our 25G SFP28 BIDI Optical Transceiver Modules are engineered for optimal performance and efficiency in demanding network environments. Designed for B2B customers, these modules provide ...

FS 25G SFP28 transceiver solutions offer a wide variety of high-density and low-power 25 Gigabit Ethernet connectivity options for data centre and high-performance computing networks applications.

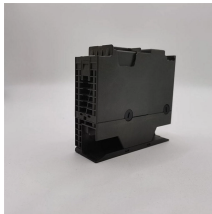

The 25g SFP28 modules produced by SULITON are suitable for most switch brands on the market, such as MSA, Cisco, Huawei, Juniper, Dell, Edge-Core and other switches.

For short reach applications, these devices are used with VCSELs and Photodectors for optical transmission over multimode fiber. Typical reach of these applications is up to 300 meters. For long ...

High-quality for 25g bidi SFP28 optical transceiver 1270/1330nm 80km single-mode fiber lc for switch, router, and server optical connections. Private OEM.

FibreCross provides a variety of customization options for 25G optical transceivers to meet your unique needs. You can adjust the wavelength, transmission distance, branding, and packaging according to ...

AscentOptics' 25GBASE SFP28 (Small Form-Factor Pluggable) product family offers customers a wide variety of high-density and low-power 25 Gigabit Ethernet connectivity options for data center and ...

SONT provides advanced optical transceiver solutions for front haul and back haul to global mobile network operators covers a broad range of solutions from 10G to 100G, and from 100m to 80km.
