

## Burkina Faso 670nm Laser Diode Distributor

## Burkina Faso 670nm Laser Diode Distributor

LDM-1x series, PCB mountable, focusable (100  $\mu\text{m}$  spotsize), divergence < 1 mrad, beam size at aperture 1 x 2.5 mm, supply voltage 3-6 VDC, black anodized aluminium body.

Mouser is an authorized distributor for many laser diode manufacturers including ams Osram, KYOCERA AVX, ROHM Semiconductor & more. Please view our large selection of laser diodes below.

They are an ideal replacement for a helium-neon laser in many applications and offer the benefits of superior durability, small size, and a range of wavelengths and powers. Elliptical output beams are ...

Wavespectrum offer the 670nm/660nm high power red laser diode, 1W/1.5W output power, C-mount, TO3, E-mount package, FAC optional, 670nm red LD, high stability, long lifetime.

MKS Inc. - Newport ... MKS Inc.

Laser diodes are characterized by their ability to produce coherent light, meaning the light waves are in phase with each other both temporally and spatially. The light emitted is monochromatic, having a ...

These fiber-coupled modules offer R& D lab researchers and system integrators a state-of-the-art high power semiconductor laser at 670 nm. Key features of these diode lasers include a high output ...

Custom Services available are: wavelength sorting, consulting, R& D, design work, & manufacturing of your product. US-Lasers, Inc., also offers other major manufacturers' laser diodes i.e., Samsung, ...

Shop DigiKey's large in-stock selection of Laser Diodes, Modules. View inventory, pricing and order now for same day shipping!

Check out our collection of 670 nm Fabry-Perot laser diodes with different optical powers. You can pick from Single-Mode (SM), Polarization-Maintaining (PM) or Multimode (MM) optical fibers, depending ...

## Contact Us
