

Fiber optic LC to SC jumper

Fiber optic LC to SC jumper

Featuring a dual-core bending-insensitive fiber optic patch cord housed within a unique "circular duplex" design, this jumper revolutionizes bidirectional transmission within a single cable, setting it apart from ...

Not seeing the LC to SC singlemode fiber length cable you need, we can custom build a fiber cable to your specifications! Our high-quality single mode fiber jumper cable is perfect for gigabit ethernet, ...

COMPATIBILITY: Single Mode Fiber Patch Cord supports 100G networks; Backward compatible with OS1; High micro-bend resistance facilitates tight bends in complex installations; Ideal for connecting ...

It offers low signal attenuation and high bandwidth for long-distance transmission. The bend insensitive fiber patch cable has less attenuation when bent or twisted compared with traditional fiber patch ...

This high-quality single-mode fiber optic patch cable is specifically designed using SMF-28e fiber for ethernet applications. Each connection has great durability and is resistant to pulls, strains and ...

Terminated with durable LC and SC ceramic ferrule connectors, this high bandwidth multimode cable has Corning optical fiber glass for high speed, low loss, data transmission.

Description Two-fiber cable assemblies are offered with a variety of connector and cable combinations. Connector options include LC, SC, FC, ST Compatible, and MT-RJ. RoHS compliant Zipcord, DFX, ...

Many of our fiber optic cable assemblies are highly configurable. If you don't see what you are looking for here, please review the ordering matrix contained in the family spec sheet, or contact Customer ...

□Wide Compatibility□:This SC - LC fiber patch cord is used in Gigabit Ethernet, fibre channel, LAN, data center, building installation, Wan, commercial and other high-density applications. the single ...

The LC to SC fiber patch cord is available in single mode and multimode cable type, They also can feature other fibre optic connectors like lc/fc/st/e2000. Cable color, fiber diameter, and jacket are ...
