

Forcible demolition of telecommunications towers

Overview

At ABC Tower Services, we specialize in the safe and efficient removal of outdated telecom infrastructure. Our experienced team handles all aspects of decommissioning, including:

- Mount & Antenna Removal - Dismantling old equipment with precision. Have towers and shelters that need to be removed from site?

Need the site restored back to it's original condition?

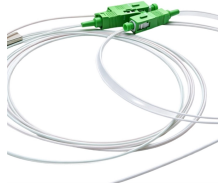

Contact Tower Direct to see how we can assist you in decommissioning any site you may have. The site may even qualify for free removal!! Tower Direct capable crews can remove cell. Unlike demolition of a simple structure, telecom demolition services are explicitly designed to solve the unique problems that happen when telecom equipment is involved. **WHY CHOOSE US?**

Cell tower lease agreements are generally written as long term contracts, meant to last as long as 40 years or more with very limited reasons for

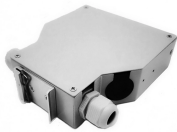

termination.) Why do we need to carry out our decommissioning at Cornerstone?

Inevitably, all communication towers reach the end of their useful life cycle for various reasons. Kilowatt offers multiple methods of tower removal depending on situational restrictions ranging from the careful dismantling of a structure via gin pole to the quick process of tower demolition.
