# High-speed optical connection 25G CIF price

## High-speed optical connection 25G CIF price

FiberMall offers 25G SFP28/40G QSFP+/100G QSFP28 Transceiver Modules designed with form factor, optical/electrical connection, and digital diagnostic interface.

The 10/25G-SFP-SR is a high-performance, multi-rate optical transceiver module designed to support both 10Gb/s and 25Gb/s data rates, making it a versatile solution for high-speed data ...

Featuring low power consumption, and high speed, this 25G transceiver is ideal for telecom, data center, campus network, and 5G front-haul. Also available for 100G to 4X25G application in the core layer to ...

The Cisco 25GBASE SFP28 (Small Form-Factor Pluggable) portfolio offers customers a wide variety of high-density and low-power 25 Gigabit Ethernet connectivity options for data center and high ...

The Cisco SFP-25G-AOC (Active Optical Cable) is a direct-attach fiber assembly with SFP28 connectors designed for 25 Gigabit Ethernet connectivity in data center and high-performance computing networks.

FS 25G SFP28 optical transceiver solutions offer a wide variety of high-density and low-power connectivity options for 25 Gigabit Ethernet, telecom, and data center. Click to get your 25G SFP28 ...

25GBASE Active Optical SFP28 Cable, 7M.

Shop high-quality 25G SFP28 optical transceivers at Compufox. 100% compatible with Cisco, Arista, Dell and others. High-speed 25GbE solutions for SR, LR, and BiDi.

The 25G speed of this active optical cable ensures seamless compatibility with a wide range of devices and network equipment. Whether you are connecting servers, switches, routers, or storage systems, ...

Dates represent our best estimate for availability. This is a Cisco® compatible 25GBase-AOC SFP28 to SFP28 active optical cable that operates over multi-mode fiber with a maximum reach of 10.0m (32.8ft).
