

Huawei 8-Optical-8-Electrical Aggregation Switch

Huawei 8-Optical-8-Electrical Aggregation Switch

CloudEngine S5732-H hybrid optical-electrical switch is brand-new full-10GE switch developed by Huawei for the Wi-Fi 6 era. The CloudEngine S5732-H builds on Huawei's unified Versatile Routing ...

With powerful aggregation and routing capabilities of CloudEngine S5732-H series switches make them suitable for use as core switches in a small-scale enterprise network.

Demand for Wi-Fi 6-ready campus networks is growing rapidly, the Huawei S5732 Series empowers modern networks as a cutting-edge Aggregation Switch and Campus Switch, offering ...

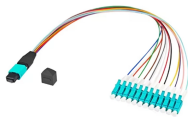

The hybrid optical-electrical model enables extended cabling (up to 300 m) while supplying PoE++, solving the dual challenge of power and speed over long distances.

It can support 1G/10G/25G/40G/100G optical uplink ports, provides one extended slot to support 8*10GE or 8*25GE subcards, meets various device interconnection requirements and can be seamlessly ...

Leveraging mainstream Ethernet protocols, the Xingmai PEN solution uses optical fibers to implement passive data transmission without the need of any ELV room. This solution consists of PEN central ...

With powerful aggregation and routing capabilities of CloudEngine S5732-H series switches make them suitable for use as core switches in a small-scale enterprise ...

Huawei CloudEngine S8700 series switches are next-generation modular aggregation/access switches designed specially for premium campus networks. These flagship switches deliver optimal user ...

PEN passive aggregation module, supporting backup in the upstream direction, supporting any mixed insertion in the optical module group for the remote module, and supporting a transmission distance ...

CloudEngine S6780-H series switches are Huawei's next-generation enterprise-class core and aggregation switches that provide 64 x 100GE/32 x 25GE ports and 16 x 400GE optical ports.

While access switches manage local device connections, the Huawei aggregation switch operates at a strategic layer, funneling data between hundreds of devices and the core ...

Manages up to 1024 wireless APs with converged wireless and wired policy management. Intelligent Network O& M. Built-in security probes precisely identify potential malicious traffic and, working with ...

CloudEngine S5732-H is designed as an aggregation switch for medium- and large-sized campus networks, or as an access switch in small- and micro-sized data centers, supporting long-distance ...

Demand for Wi-Fi 6-ready campus networks is growing rapidly, the Huawei S5732 Series empowers modern networks as a cutting-edge Aggregation ...
