

Intelligent Low-Voltage Integrated Power Supply

Intelligent Low-Voltage Integrated Power Supply

The PPC-IPS-150 provides instant power backup during outages and protects equipment from voltage fluctuations through advanced regulation and filtering. Its integrated lithium battery ...

The board has an LCD display for voltage, current, temperature and fault conditions, and an integrated programmer/debugger, all powered by the included 9V power supply.

Fuji Electric has met these demands with the development of its compact, low-loss and low-noise small-intelligent power module (IPM(1)), which integrates a 3-phase inverter bridge circuit, control circuit ...

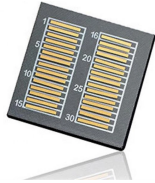

High voltage power modules with integrated gate drivers for consumer, industrial and automotive applications. Offering a large range of 3 Phase inverter modules covering power levels from 50 W to ...

Huawei Intelligent Distribution Solution enables the rapid deployment of low-voltage distribution services on the cloud, intelligent end-to-side and O& M.

The communication power supply system is facing severe overvoltage stress. The traditional overvoltage protector is difficult to take into account the lightning.

Intelligent power modules are most closely associated with motor control, but they're also used in uninterruptible power supplies, inverters, and ...

Our power module portfolio covers a wide range of voltage classes, current ratings, and topologies, so virtually any application can benefit from the outstanding performance, efficiency, and longevity ...

Our intelligent and mechanical boxes in the area of power and data distribution offer modular solutions for all voltage levels and at the same time optimize functionality - for maximum efficiency with ...

We provide a comprehensive portfolio of Intelligent Power Modules (IPMs) covering a wide range of semiconductor technologies, package types, and voltage/current ratings.

XS-PLC Intelligent Integrated Power Supply is an integrated power supply system composed of UPS, voltage stabilized power supply, isolation, ATS automatic switching, lightning protection, distribution, ...
