

Jordanian Active Optical Device 40G

Overview

40G Transceivers by JTOPTICS deliver high-speed optical data transmission and are ideal for data centers, enterprise networks, and telecom applications. Engineered for reliability and scalability, these transceivers ensure efficient and seamless communication across various network infrastructures. DESIGNED FOR USE IN 40 GIGABIT ETHERNET APPLICATIONS. COMPLIANT WITH THE QSFP MSA AND IEEE 802.3BA Amphenol provides a series of 40G QSFP+ optical module products, including SR4, eSR4, IR4, LR4, ER4 lite, AOC and AOC breakout series. This AOC is compliant with. The QSFP-40G-10AOC is an active optical direct attach cable with QSFP+ connectors and has 10m length. Cable provides short distance (same shelf/rack/room) 40G inexpensive connectivity. QSFP+ AOC breakout cables could also be called QSFP+ splitter AOC or QSFP+ Fan-out AOC cables. Available in Multimode, Single Mode, Extended Range & Long Reach Multi-mode.

Jordanian Active Optical Device 40G

Amphenol provides a series of 40G QSFP+ optical module products, including SR4, eSR4, IR4, LR4, ER4 lite, AOC and AOC breakout series.

40G Transceivers by JTOPTICS deliver high-speed optical data transmission and are ideal for data centers, enterprise networks, and telecom applications. Engineered for reliability and scalability, ...

This AOC is compliant with the SFF-8436 QSFP+ MSA standards. It provides a cost-efficient solution as compared to using discrete optical transceivers and optical patch cables and is suitable for 40Gbps ...

This 10-meter cable, designed with QSFP connectors on both ends, ensures seamless integration and compatibility with a wide range of network devices, facilitating easy deployment in data centers or ...

JPT offers high-performance active optical cables and direct attach cables with high bandwidth, low latency, and strong compatibility. Perfect for data centers, cloud computing, and high-speed ...

The series of product adopts LC or MTP/MPO connector and operates over Single Mode or Multimode optical fiber. They can be used for connections from 150m up to 40km and are suitable for 40G ...

This AOC is compliant with the SFF-8436 QSFP+ MSA standards. It provides a ...

Multi-vendor coding options available for your 40GB Ethernet requirements. Available in Multimode, Single Mode, Extended Range & Long Reach Multi-mode. In addition to GBICS codable QSFP+ ...

It is built one end with one 40G QSFP+ module and the other ends with 4 10G SFP+ modules, which are connected with fixed length OM3/OM4 fiber cables. It is lighter, softer and more flexible than QSFP+ ...

Buy QSFP+ 40G active optical cable (10m) for short-distance data center connectivity. Supports 40G/10G speeds, OM3 fiber, and works with Cisco, Juniper. 5-year warranty.

The QSFP+ AOC are providing a high performance, low power consumption, long reach interconnect solution supporting 40G Ethernet. It is compliant with the QSFP+ MSA and IEEE P802.3ba ...
