

Kazakhstan's fiber optic communication

Overview

The construction of the fiber optic communication line, which is set to begin in 2025, was announced in Kazakhstan. Kazakhstan's Prime Minister, Olzhas Bektenov, stated that the new cable line will span 380 kilometers and have a capacity of 400 terabits per second. According to Yusif Jabbarov (Yusif Cabbarov), Chairman of NEQSOL Holding, the Trans-Caspian fiber-optic cable project not only strengthens digital connectivity and technological advancement across the region but also contributes to regional economic cooperation. Kazakhstan and Azerbaijan are moving. On February 6, 2025, the country's Ministry of Digital Development, Innovation, and Aerospace Industry announced a groundbreaking partnership with Freedom Telecom Holding Ltd.
