

Manufacturer of 1-to-8 optical splitters

Manufacturer of 1-to-8 optical splitters

Our splitters are produced on-site in our North American manufacturing facilities and our design team is able to deliver custom solutions in as little as three weeks.

This PLC Splitter is a 1x8, with 1 input and 8 output fibers with an even split ratio across all fibers regardless of input wavelength. PLC Splitters are available with 900µm loose tube singlemode fiber ...

This PLC Splitter is a 1x8, with 1 input and 8 output fibers with an even split ratio ...

Top Optical Splitter Manufacturers The B2B platform for the best purchasing decision. Identify and compare relevant B2B manufacturers, suppliers and retailers

The AOA single-mode Planar Lightwave Circuit Splitter (PLCS) is developed based on unique silica glass waveguide process with reliable precision aligned fiber pigtail in a miniature package, it ...

Learn more about fiber optic solutions and optical passive components from Fiber Optic Components Manufacturer | Optical Circulators, Isolators & Couplers - Optipow.

Enhance your network's efficiency with our Hybrid Fiber Type Optical PLC Splitter featuring MPO connectors. This advanced splitter utilizes planar lightwave circuit technology to divide a single ...

Customizable fiber optic splitters for telecom operators, internet providers, system integrators, and equipment manufacturers worldwide. Our precision manufacturing process ensures consistent quality ...

We offer ABS box PLC Splitters with a wide range of styles and sizes to split or combine light with minimal loss. All splitters are manufactured using a very simple process that produces reliable, low ...

Our Single Mode, Multimode and Planar Waveguide Splitters are designed and manufactured to provide low loss and excellent uniformity over wide temperature ranges.

Custom manufacturer of optical beam splitters for semiconductors, electronics, and medical industries. Contract manufacturing services are also offered. Suitable for micro-electromechanical systems ...
