

## Metal Spectrometer Suppliers

## Metal Spectrometer Suppliers

The SPECTROPORT portable arc spark spectrometer is ideal for many applications in the metal producing, processing, and recycling industries. Find out more.

Find your metal analysis spectrometer easily amongst the 39 products from the leading brands (Bruker, LECO, Shimadzu, ...) on DirectIndustry, the industry specialist for your professional purchases.

The company's products includes NIR spectrometer, portable grain analyzer, and NIR spectrum analyzer, which caters to various industries such as oil, food, dairy, wine & beer, and meat industries.

JEOL is a world leader in electron optical and analytical equipment and instrumentation for high-end scientific and industrial research and development.

At Technoserve Industries, we take pride in being a trusted supplier of laboratory testing equipment, providing lab parts to clients all over the world. Our commitment to quality and reliability has made us ...

This high quality, affordable and compact OES Spark Spectrometer is perfect for the routine analysis of elemental content in materials such as Iron and Steels, aluminium, copper, zinc, lead alloys to name ...

We offer a wide range of metal testing equipment, including Optical Emission Spectrometers (OES), X-ray Fluorescence (XRF) machines, Laser-Induced Breakdown Spectroscopy (LIBS) analyzers, X-ray ...

Distributor of metal optical emission, TXRF benchtop, rotrode emission, UV touch probe and mobile spark spectrometers. Available in various configurations. Portable spark spectrometer allows the ...

Spectro Analytical Instruments has upgraded its Spectrotest arc/spark mobile metal analyzer for applications in the metal producing, processing, and recycling industries.

SPECTRO is a global leading supplier of advanced analytical instruments like ICP, Arc Spark OES, and XRF spectrometers for precise elemental analysis of materials.
