

New Zealand SFF optical module manufacturer

New Zealand SFF optical module manufacturer

Captron Electronics Ltd 30+ Years in the New Zealand Electronics Industry Electronic Component Solutions We provide solutions for your electronic design using our extensive network of quality ...

OplinX NZ takes pride in supplying the very best in reliable, high performance optical fibre products. Our international production operation utilises the latest technology and procedures for manufacturing pre ...

SurfOptics broad product selection and innovative technology have made us the optical module manufacturer of choice for all major networking equipment vendors worldwide.

Smartoptics SFP modules ensure high compatibility, efficiency and cost-effective scaling for a wide range of applications. Fully compliant with Ethernet, FC and SONET/SDH/OTN

This 100% Cisco compatible multirate SFP+ transceiver module is for 10GBASE-ER Ethernet applications, SMF, dual LC connector. This device supports full duplex 10Gbps transmission up to 40 ...

The 57MM-SFP series of Small Form-Factor Pluggable (SFP) transceiver modules are engineered for seamless compatibility with Matchmaster's range of Ruijie network devices, including switches, ...

GenuineModules is a reliable supplier of optical interconnect products for use in fiber optic networking, including optical transceiver modules, direct attach cables, active optical cables and Mini ...

SFP, also commonly called mini-GBIC (gigabit interface converter), is designed to be compact enough to use in tight networking spaces but powerful enough to provide fast communication between ...

Established in 1998, we have grown from small beginnings - based in Auckland New Zealand, atg Technology Group have been partnering with some of the largest telecommunication equipment ...

Related Support Documentation MIC3003 datasheet: Fibre optic module controller featuring digital diagnostic monitoring interface, as per SFF-8472/SFF-8432, with internal/external calibration and full ...
