

OTDR Fiber Optic Tester Handheld

OTDR Fiber Optic Tester Handheld

It integrates all the essential fiber test requirements into a single device with OTDR measurement, fiber end face analysis, optical loss testing and visual fault locator.

Fiber testers provide the precision needed to install, certify, and maintain high-speed optical networks. This category includes OLTS certifiers, OTDRs, optical power meters, light sources, and visual fault ...

Fully featured, entry-level, dedicated OTDR with tablet-inspired design perfect for frontline singlemode fiber installers. The MaxTester 700D OTDR Series comes with a Swap-Out connector which can ...

Handheld smart OTDR fiber tester with backlit display, compatible with connector type FC/PC, SC/PC, wavelength 1310/1550nm, which is a cost-effective but powerful multi-functional fiber tester. One ...

Jonard Tools'' Multi-function OTDR is the perfect all-in-one handheld ...

The SmartOTDR essential handheld fiber tester is an affordable, easy-to-use device for techs at any level, with robust wireless connectivity options that increase productivity anywhere.

The lightweight and compact SmartOTDR speeds and optimizes field testing of metro and access networks—with a tailored OTDR interface and automatic analysis that any technician can understand.

MINI OTDR-4000 is a next-generation handheld optical reflectometer designed for fast, accurate testing of single-mode fiber networks. With up to 12 integrated functions and 8GB internal ...

New Upgraded OTDR Optical Fiber Tester, Fiber Network Tester Support Event Map Optical Power Meter OLS (Loss Test) VFL LS (Light Source) Length Ping POE Test, IP Scan RJ45 Network Tools ...

This handheld OTDR is a professional tool designed for testing, troubleshooting, and maintaining single-mode fiber optic networks. With dual-wavelength support (1310/1550 nm), wide dynamic range, and ...

Jonard Tools" Multi-function OTDR is the perfect all-in-one handheld device for evaluating FTTx and access network construction and maintenance, identifying fiber breakpoints, measuring cable length, ...
