

Polyurethane cable trays replace fiberglass

Polyurethane cable trays replace fiberglass

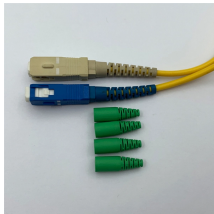

Our Fiberglass tray weighs 1/3 that of steel trays and is pound for pound stronger. This makes the tray easy to install, reduces the possibility of lifting accidents, and lowers transportation costs.

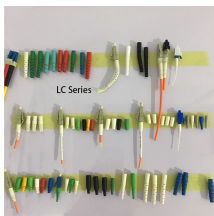

Our Polyurethane Cable Trays are designed for strength, insulation, and durability — perfect for power plants, chemical facilities, and outdoor use.

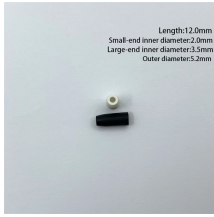

When it comes to reliable and high-performance solutions for your fiberglass cable tray needs, Uniflex, Inc. stands out as an industry leader. With a legacy spanning over four decades, we ...
