

Procurement of Low-Loss Fiber Optic Splitters

Procurement of Low-Loss Fiber Optic Splitters

Featuring a 50:50 coupling ratio, this single-mode ABS module splitter ensures low insertion loss and high stability. With customizable wavelengths and robust construction, it performs reliably in various ...

High-Quality & Cost-Effective Solution - Ideal for telecom, FTTH, and enterprise fiber networks. Enhance your fiber network with our premium Fiber Optic Splitters - ensuring seamless, low-loss ...

1x4 PLC splitter splits 1 optical signal into 4 outputs. With standard ABS module & SC/APC connectors, it ensures reliable SM transmission.

Bynet manufactures high-performance PLC fiber optic splitters with low insertion loss and high uniformity. Available in 1xN, 2xN configurations and various port counts for FTTH, PON, and CATV ...

FS PLC Fiber Optic Splitters, Bare/Blockless/ABS/LGX Splitter/Rack Mount Types, support 1xN light distribution, with low IL and PDL for high-reliability transmission. Deploying compact FS PLC Splitters ...

CommScope offers a portfolio of bare and connectorized splitters/couplers in a wide range of styles and split ratios, and splitter modules for inside plant (ISP) and outside plant (OSP) applications that help ...

Fiber splitter solutions from Maxcom featuring PLC technology, low insertion loss, and high reliability. Ideal for CATV, RFoG, FTTx, and FTTH optical networks.

You can check our fiber optic splitters by PLC splitter in different packages or 1*N 2*N PLC fiber optic splitter. 15 Years of Manufacturing Experience, Custom & Wholesale at Factory Price.

JPT delivers precision fiber optic splitters with low insertion loss, excellent uniformity, and high reliability.

We offer a comprehensive range of polarization-maintaining (PM) fiber optic couplers and splitters, designed using three fabrication methods: fusion, micro-optics, and waveguide (PLC).
