VPI Optical Coupler

VPI Optical Coupler

Perform full analysis on your transceiver from electrical to optical, back to electrical using the VPI optical link element. The VOL component for the Electrical-Optical-Electrical (E-O-E) solution is where the ...

VPI photonics sets the industry standard for end-to-end photonic design automation comprising design, analysis and optimization of devices, components, systems, and networks. A simple means for cost ...

1275 Danner Drive Aurora, Ohio 44202 Tel: 330-562-2622 Fax: 330-562-1999

When different semiconductor technologies are combined, light needs to be coupled from one chip to another. In this example, a quantum-cascade laser and a germanium-based waveguide are coupled, ...

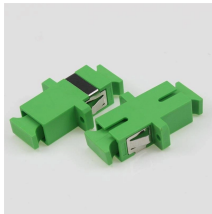

Perform full analysis on your transceiver from electrical to optical, back to electrical using the VPI optical link element. The VOL component for the Electrical-Optical-Electrical (E-O-E) solution ...

This powerful design tool offers 2D and 3D full-vectorial finite-difference beam propagation and eigenmode expansion solvers for modeling optical devices.

VPI's waterproof LC Fiber Optic connectors provide a IP67 rated water tight and weatherproof protection in harsh environments.

ST-SC Duplex Multimode Fiber Optic Coupler FIBER-CPLR-DM-STSC ST-SC female-to-female duplex fiber coupler. Beige plastic body. Duplex multimode connectors. End caps keep out dust and ...

Enhanced multimode coupler models that support advanced imaging systems with multiple optical elements (lenses, apertures, spatial light modulators) separated by free-space propagation

ST-SC Duplex Hybrid Metal Fiber Optic Coupler
Fiber optic adapters are used to provide a cable to cable or cable to equipment fiber optic connection
ST style female to SC style female Use in ...
